**Air circulating drying system**  
This product, using air circulating drying method, eliminates moisture, Malodor, bacteria. And it reduces the volume dramatically. Air circulating drying system is odorless and eliminates germs, putrefactive bacteria promoting sanitary process. It treats all different kinds of food waste. It doesn't need complicated installation. Plug it in and ready to run. Its unique and advanced structure provides better performance and power consumption than any other products.

- Features**
- Low maintenance cost
  - It treats all kinds of food
  - Improved drying ability
  - List of LOOFEN's unique and specialized technologies
